

Climate Solutions™

2nd Annual Breakfast ***Leading the Way to Clean Economy Jobs and Regional Prosperity***

On May 27th, 2010, we will celebrate our accomplishments, unveil new projects, and more importantly, create a forum for climate and clean technology leaders. Last year's Breakfast was very successful with over 500 attendees and \$209,000 in event revenue from 22 sponsors, ticket sales and attendees. With your help, we would like to take the event to the next level and would be honored if you would join us by being a table captain for our 2nd Annual Breakfast.

As a table captain you would commit to attending the event and to bringing 9 other people with you. Our hope is that you will bring new donors into the organization.

The event is a seated and catered breakfast at the Westin Seattle. We anticipate attracting over 700 people ranging from political leaders and business executives to community activists and concerned citizens. Tickets are priced at \$100 with a \$75 early bird option. Corporate sponsors will underwrite the event costs and will be given seats at the event. We will also make a fundraising pitch at the event and give guests the opportunity to support our work at a higher level.

Location: Westin Seattle

Date: May 27th, 2010

Time: 7:30am – 9:00am (check-in begins 7:00am)

About Climate Solutions:

Climate Solutions is a non-profit organization whose mission is to accelerate practical and profitable solutions to global warming by galvanizing leadership, growing investment and bridging divides in the Pacific Northwest. Since its inception in 1998, Climate Solutions has been the foremost champion of Northwest climate and clean energy leadership that generates economic opportunities for Northwest businesses and workers. Working with a broad array of partners from business, farm, government, and the public-interest community, Climate Solutions helps to advance a new sustainable prosperity in the Northwest that accelerates the technologies, policies, and enterprises that can deliver climate solutions to the world. Climate Solutions has offices in Seattle, Olympia, Portland and Missoula. For more information about Climate Solutions, visit www.climatesolutions.org.
